Sixty years of marine expertise.
An unrivaled reputation for reliability.
The most trusted brand in the industry.

This is the heritage that you’ll have behind you each time you pull the throttle on a Yamaha WaveRunner® personal watercraft.
From the thoughtful design to expert manufacturing to the legendary Yamaha Marine Engines, Yamaha gives every kind of rider a unique and enjoyable experience.

This is your official invitation to

RUN THE WATER.
DESIGNED FOR ENDLESS FUN

When you purchase a Yamaha WaveRunner, you’re guaranteed an exhilarating ride that will last you season after season. In fact, the majority of pro racers choose Yamaha because of our quality control standards and our commitment to durability. Unlike the plastic materials used by the competition, WaveRunner hulls and decks are designed with ultra-reliable SMC and NanoXcel® technology. All Yamaha WaveRunners are assembled here in the USA, ensuring our dedication to quality lasts from start to finish.
With more than sixty years of marine heritage and meticulous quality control requirements, Yamaha Marine Engines set the gold standard for the industry. Our engines are designed for optimum performance and durability in saltwater, ensuring you can keep riding for years to come. And with an open-loop cooling system, our engines provide a reliable ride no matter the conditions. Whether you’re flying past the competition or taking a leisure ride, you can always depend on a Yamaha.

RiDE® YOUR WAY

WaveRunner riders have ultimate control at their fingertips thanks to Yamaha’s revolutionary RiDE™ dual throttle handlebar control system. Simply pull the right handle lever to accelerate and pull the left lever to decelerate and reverse. There are no gears, no shifting, and no complicated processes, providing the rider with a more intuitive and fun driving experience.
CUSTOMIZE YOUR WAVERUNNER EXPERIENCE

Thanks to a suite of accessories available on the full lineup of Yamaha WaveRunners, riders can add even more excitement to every ride. Whether it’s making towing easier, finding your new favorite fishing spot, or making your leisure cruise more relaxing, Yamaha offers a full range of custom-designed WaveRunner accessories that enhance your experience. Many of these accessories, including our premium Bluetooth®-enabled audio packages, are designed to detach from the WaveRunner, so you can enjoy them even when you’re not riding.

- FX® Audio Package
- EX®/VX® Audio Package
- EX® Stern Storage
- EX®/VX® Fish Finder Package
- VX® Stern Storage
- VX® Fish Finder Package
- EX® Hatch Storage
Yamaha’s 2020 lineup of WaveRunners offers a unique experience for every kind of rider. Whether you’re venturing out on your first ride or taking a victory lap, there’s a WaveRunner that’s perfect for you.
AN EXHILARATING WELCOME TO THE WATER

Enjoy the excitement of owning a WaveRunner at an entry-level price. The incredibly affordable EX Series combines the power and dependability of the award-winning 3-cylinder TR-1® Yamaha Marine Engine with the most durable, lightweight hull and deck in its class, allowing first-time riders to take on the water with confidence. And with optional accessory packages, EX owners can add even more enjoyment to every playful ride.

Want to add even more speed to your first time on the water? The EXR, backed by the TR-1 High Output Yamaha Marine Engine and ultra-lightweight NanoXcel® technology, provides an even higher level of performance and fun.

Winning isn’t just a goal with the Performance Race Series. It’s inevitable. Fueled by our most powerful engines, including the industry-defining Super Vortex High Output Yamaha Marine Engine, this lineup offers pure speed at your fingertips. And with multiple race-inspired features, including a top-loader intake grate and ride plate, you’ll experience dramatically increased handling during sharp turns and hook-up in rough water.

Those hungry for more action can tear up the closed course with the SuperJet. No matter the competition, Yamaha’s high-performance Marine Engines dominate other brands’ race models on and off the course.

YAMAHA GENUINE PARTS AND ACCESSORIES

EX/VX AUDIO PACKAGE
For all EX/VX/GP WaveRunners
Kit includes: Yamaha exclusive ECOXGEAR® Bluetooth® speakers, 1/4-20 RAM® mounts and supporting hardware.

FX AUDIO PACKAGE
For all FX WaveRunners
Kit includes: Yamaha exclusive ECOXGEAR® Bluetooth® speakers, Custom FX cup holder mounts and supporting hardware.

FX GARMIN® STRIKER™ GPS PACKAGE
For all FX WaveRunners
Kit includes: Garmin® Striker™ 4 GPS Fishfinder with Transducer, Yamaha Transducer bracket, Wiring Harness, and all supporting hardware.

VX COOLER BAG
Cooler with easy carry handle and shoulder strap, designed to fit in VX Stern Storage compartment. Fits in bow storage of VX/VX/GP Series WaveRunners. Holds 18 cans plus ice.

VX STERN STORAGE
For all VX/GP WaveRunners
Large 40 liter storage compartment made of durable, weather-resistant compression-molded EVA foam. Allows access to the tow point without removing the bag for water sports usage. Durable, weather-resistant compression-molded black EVA foam, mounts with no drilling for easy installation.

VX HATCH MOUNTED STORAGE
For all EX WaveRunners
Add a water-resistant storage solution to your EX WaveRunner. Yamaha’s Hatch Mounted Storage is made from durable and weather-resistant compression-molded EVA foam and contains a transparent window to allow visibility and interaction with your smartphone. Mounts using four fasteners (included), drilling required.

VX BOW STORAGE
For all EX WaveRunners
Replace your factory EX bow storage tray with this large 20.5 liter roll-top waterproof storage compartment. Large enough to store your EX mooring cover and reuses the existing factory fasteners for easy installation.

VX STERN MOUNTED STORAGE
For all EX WaveRunners
Take your EX storage capacity to the next level with our 15 liter storage solution. Access the tow point without removing the bag for water sports usage. Durable, weather-resistant compression-molded black EVA foam, mounts with no drilling for easy installation.

EX BOW STORAGE
For all EX WaveRunners
Kit includes: Yamaha exclusive ECOXGEAR® Bluetooth® speakers, Custom EX cup holder mounts and supporting hardware.

EX STERN MOUNTED STORAGE
For all EX WaveRunners
Large 40 liter storage compartment made of durable, weather-resistant compression-molded black EVA foam. Allows access to the tow point for water sports activities. Features side-mounted fishing rod holders. Storage bag and cooler sold separately.

WAVERUNNER COVERS
Yamaha’s WaveRunner covers are designed to help protect your watercraft’s appearance. Each cover features superior construction and materials to help provide long life as well as a custom fit.

WF EX BOW STORAGE
For all EX WaveRunners
Replace your factory EX bow storage tray with this large 20.5 liter roll-top waterproof storage compartment. Large enough to store your EX mooring cover and reuses the existing factory fasteners for easy installation.
